

Risk Assessment

What Procedure is being assessed?

Fence Hire (Southern) covid 19 working conditions.

- To follow the new Government Guide lines Fence Hire (Southern) will implement the following working conditions with immediate effect:
 - All employees will be expected to wear industrial grade face masks while working out on site.
 - Vehicle sharing will only be allowed by members of the same household. If this is impossible then face masks must be worn while sat in the cab. A maximum of 2 people in a vehicle at anyone time and they must be sat with the middle seat empty.
 - Only the minimum amount of staff will attend any job during this period to reduce contact with staff members
 - Fence Hire employees will always stay a minimum distance of 2 meter away from any other contractor on site
 - Only one employee will be allowed to coordinate with event management on site during and build and break down procedure.
-

- If any staff member feels unwell before coming to work or develops any condition on site, they will be told to isolate for the government recommended time.
 - hygeine will be expected at a high level with hand sanitiser available in all vehicles.
 - No sharing of tools is permitted and drivers of vehicles are only allowed to move said vehicle.
 - Once tools/vehicles have been used they will be sanitised at the end of every work day.
-

Has the risk been reduced enough? YES/NO

YES
